Just spoke with Rep. Funderburk. There has been a hold up on the move for annexation because the property owners have not returned the paperwork that was sent to them over a month ago. She asked if it would be possible for our office to reach out to the property owners to encourage them to return the documents. Please let me know if you need any additional information!

Thank you,
Haley

I also just spoke with the City Manager, Mel Pearson, and he was appreciative of our continued efforts. He believes the best path forward is annexation for the purpose of leveraging some economic development support that may be available at a local level. He will reach out to Mr. Garrett again later this week to feel him out about the City's offer.

Haley,

Attached is a copy of correspondence from the State Fire Marshal to the property owner, Mr. Berry Garrett, detailing findings from the inspection.

In addition, Holly spoke with Mr. Garrett, and he indicated that his priority is to find a tenant for the building. He doesn't believe that the Department of Commerce may have any support to offer, since the space is retail, but we will connect Mr. Garrett with Maceo Nance at Commerce just in case.

Thanks,

Becca
