Brian,

Good morning! I hope all is well. Attached is the final draft of today's JR Automation release. The company has an announcement event at 11 a.m. eastern and would like us to distribute the release at 11:30 a.m. eastern. Does that work for you all?

Thanks,
Jeremy

"JR Automation's \$3.4 million investment in Pickens County will mean 56 new jobs, and it's more great news for one of our rural areas. Thanks to JR Automation's commitment, we have another reason to celebrate, but more than that, we have all the motivation we need to keep Team South Carolina focused on bringing home the next economic development win for the state." –Gov. Nikki Haley

"We're excited to welcome Anyone Home to the South Carolina family and celebrate their decision to do business in our state. By creating more than 570 new jobs in Greenville County, Anyone Home is making a commitment to the entire Upstate community that will make a real difference in the lives of South Carolinians, and we couldn't be more grateful for that." –Gov. Nikki Haley

Brian,

Good afternoon. I hope all is well. We just wanted to circle back around on quotes for both of next week's releases (drafts attached). Obviously, Monday's JR Automotation release is the most pressing. If possible, I'd love to send the company a finalized draft to review and approve before the end of the day tomorrow.

Please let me know if you have any questions or concerns.

Thanks so much,
Jeremy

"We welcome Anyone Home to South Carolina and celebrate their decision to do business in our state. By creating more than 570 new jobs in Greenville County, Anyone Home is making a real commitment to our entire Upstate community, and I look forward to watching them grow and thrive there for many years to come." –Gov. Nikki Haley [DRAFT QUOTE / TO BE APPROVED]
