#### LICENSURE RENEWAL OF COLLEGES TO AWARD DEGREES

Four accredited non-public colleges were granted renewal of regular (five-year) licenses to award degrees in South Carolina: Baptist College at Charleston (Associate, Bachelor's, and Master's Degrees); Columbia Junior College of Business (Associate); Nielsen Electronics Institute, Charleston (Associate); and Rutledge College of Charleston, Columbia, Greenville, and Spartanburg (Associate).

#### QUALITY IMPROVEMENT INITIATIVES

The Commission considered a study of initiatives to assist the institutions in enhancing the quality of their programs. The Commission voted to request additional State funding of \$2 million for fiscal year 1984-85 for the purpose of providing a system of competitive grants for public institutions. The proposal includes stipulations that the awards be made by the Commission, that the grants for 1984-85 be restricted to those applicable to faculty development, that each campus of each public institution be eligible to compete, and that no institution be awarded a grant or grants totaling more than 1% of its State appropriation for 1983-84 for educational and general purposes.
