---

Dear Governor Haley,

I have received numerous constituent inquiries in recent days reflecting the belief and fear that some number of the much publicized flood of illegal immigrants is being relocated to South Carolina. Please confirm to me, in order that I may inform my constituents, that no such relocation to our state of illegal aliens is occurring or, if it is occurring, how you intend to interdict and reverse this incursion by known felons.

Thanks, and please let me know how I can help!

Shane
