Colonel Jeffery Hall  
Savannah District Corps of Engineers  
100 W. Oglethorpe Avenue  
Savannah, Georgia 31401

Dear Colonel Hall,

I would like to express my support for the Sanctuary Pointe development project at Lake Hartwell. The South Carolina Department of Parks, Recreation and Tourism and the United States Army Corps of Engineers have enjoyed a long-standing mutually-beneficial partnership. I am pleased that the Corps are working together on this proposed development.

It is my belief that this project will positively impact the citizens and businesses of South Carolina, which in return, increase the visitation to one of the Corps' most popular lakes. In addition, the development of the Sanctuary Pointe will certainly advance the Corps mission of providing recreational access to Lake Hartwell for all citizens.

Thank you for your continued partnership with the State of South Carolina. We look forward to working with the Corps on this project and realizing the many positive impacts that it will have our state once it is completed.

With warmest personal regards, I remain

Sincerely,

A handwritten signature in blue ink that reads "Kevin L. Bryant". The signature is written in a cursive, flowing style.

Kevin L. Bryant
