The following is what Chaney is going to call and offer The State, the AP and the Aiken Standard on today's DOE/DHEC announcement. Let us know now of any issues. The governor is fine with it.

"We are pleased DOE has agreed to accelerate treatment of liquid waste at SRS, but the federal government's track record with other promises they have made isn't a good one, so we will closely monitor DOE's compliance with their end of the bargain. As the governor has said time and again: South Carolina will not be a permanent dumping ground for nuclear waste."
