**Subject:** Spring NASUAD meeting

Good morning-

We have settled on April 4-5 in Phoenix, Arizona for our Spring meeting. The meeting will focus largely on state issues and providing state leaders time to discuss issues with each other. We also will be setting our federal policy agenda for the new Congress as well. This meeting is designed for state aging and disability directors, long term care Medicaid directors, and their senior staffs. We encourage you to bring as many people from your state as you like.

Attached to this email, please see the draft agenda and registration form. Please remember to register early to get the best rates.

As always, please feel free to contact us if you have any questions.

Martha
