Federal Data Center Optimization: Do's and Don'ts from the Experts

Wednesday, September 28th, 2016 at 2:00pm ET

As federal agencies embrace the U.S. CIO's new Data Center Optimization Initiative and keep pace with growing demand for new services and applications, best practices will help guide them around potential pitfalls. In this i360Gov webinar, leading DoD and civilian IT experts will provide insights on optimization and how agencies can achieve a mandated 25% annual reduction in federal data center expenses by the end of fiscal 2018. Agency executives will gain concrete advice on the best steps to take to achieve more agile, optimized and secure IT operations.

Register now for this complimentary, educational event. If you are not sure if you can attend the live webinar, as long as you register now, you will receive a link to the recording.
