

The Honorable Nikki R. Haley
PERSONAL & CONFIDENTIAL
Office of the Governor

Governor Haley,

I am sharing something very personal and painful to me, so please, take two minutes to read it.

At least 6 children were raped, bullied, intimidated and re-victimized by this monster...one being me.

What is it going to take to get someone's attention? I've reached out before and what happened? "Radio silence."

The perp who did these heinous, horrid acts against me has admitted in a deposition that he was in possession of a photo of an exposed male child. A Sheriff that you appointed Governor, admitted in a deposition to seeing and handling the photo, an Assistant Solicitor admitted in a deposition that she found the photo and turned it over to the Sheriff. Additionally, I personally found questionable pornography on the perp's computer in the Fourth Circuit Solicitor's. It is also believed that a video tape exists of the perp performing sexual acts with a minor and is in the possession of an individual in Florida. To date, there have been at least **six victims** come forward in writing, more exist.

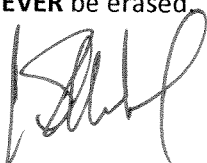

And again I ask **what is it going to take** to get someone's attention? You are the Governor of our State, one that I have supported and continue to do so.. one that has within your power to do something about this monster who freely roams about with no accountability.

Why is the State of South Carolina protecting this perp? Why no arrest.. why no investigation?

If you compare this perp to that of a recent arrest of Spartanburg man who has far less evidence reported against him, something just doesn't add up. [<http://www.wbtw.com/story/28146585/former-sc-teacher-scoutmaster-accused-of-sexual-misconduct-with-minor>]

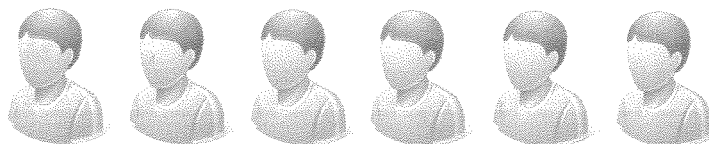

Knowing this, in what mindset must a person be to casually lay this letter to the side and not act upon it? Don't take my word for it, I can provide you with contact information for the Sheriff, Assistant Solicitor, and others who can validate it.. all I'm asking of you is to do something? Give myself, other victims, and potential victims a ray of hope and stop this monster. His acts upon me and others were brutal, horrid, and disgusting... the effects in our lives as a result of those acts can **NEVER** be erased.

PLEASE HELP US.
