

Dear Nikki,

We have people, on a daily basis, coming into this country via our southern border, and we don't know who these people are, and they are coming here illegally. These people don't respect our laws and our sovereignty, and come here in the dark of night. We don't know if these people are child molesters, thieves, murderers, drug dealers, members of a drug cartel or a member of a terrorist group, like ISIS, wishing to do us harm.

Illegal aliens burden our school systems, hospitals, prisons, our cities and towns. The American taxpayer doesn't want to pay for them. We want them deported out of here, back home where they belong. Not here. These people are taxpayers and lawbreakers. They deserve nothing and no government handouts, at taxpayers expense. We the tax payers are already taxed enough.

These illegals don't speak our language and will not assimilate into our culture and society. Why is our government supporting and condoning bad and unlawful behavior?

Concerning Syrian refugees; we don't know if any of these refugees are affiliated with ISIS, and are here to do us harm. Remember 130 people died in Paris and 14 people died in San Bernardino, California at the hands of radical Muslim terrorists. Women in Germany are being raped and groped by Syrian refugees. The terrorist group ISIS, the members, are cold-blooded murderers, you can't negotiate with them. They are very intolerant. Their mantra is Convert to Islam or die. They would rather kill us than look at us. They have declared war on the US and the west. They want Sharia law for all.

By bringing these refugees into America we are asking for either another 9/11 type attack on American soil, or another Paris type attack, or even another San Bernardino, California type attack.

How many innocent Americans have to die before we, as a nation, finally wake up and realize that radical Muslim terrorists are at war with US. They want to wipe us out. You can't appease ISIS members.

The sad thing is our weak kneed, sad excuse for a President, the Democrat party and even the Republican party are having a real hard time understanding that ISIS is out to destroy us and wipe us out, and that they have declared war on us.

Like I said, some of these Syrian refugees could be members of ISIS, wishing to do us great harm. Our friends don't respect us and our enemies don't fear us !!!

We need to keep the bad guys out of our country.

Ten German tourists were killed in Turkey by a member of ISIS. This man got into Turkey, by claiming to be a Syrian refugee.

By letting these refugees in here makes America less safe. !!!

Signed
Mike Pearce
