Dear Nikki,

Our elected leaders in Washington simply don't seem up to the challenges we Americans face today.

While Americans grow increasingly dependent on government . . . while Russia and China count on America to look the other way as they bully their neighbors . . . while federal debt reaches new highs . . . and while President Obama simply disregards the Constitution when it suits him . . . Congress rushes through a trillion-dollar, business-as-usual spending bill that funds Obama's amnesty, without giving lawmakers time to even read the thing.

You won't stand for it. And The Heritage Foundation is offering **the principled conservative leadership you know America desperately needs.**

It's not enough to get lawmakers the facts and conservative solutions. We conservatives have to get the American people on board with the principles you and I share. And that's exactly what Heritage is doing.

The next two years are critical for the conservative movement, and I'm counting on you to pave the way for future victories. The fight to retake America resumes when Congress returns next month, so our deadline is New Year's Eve.

Can I count on you to support our work by the end of the year?

Yes, count me in to advance my conservative principles by December 31

Maybe. I'd like to know more about how you're fighting for me.
