Subject: SCSEP-PY13 Grant Award
Importance: High

Unfortunately, we have not heard from DOL regarding the SCSEP award for PY13. I have spent the better part of the day contacting my counterparts and trying to speak with my FPO. No one has heard from DOL in the SCSEP network to date. As soon as the award information is forwarded, I will inform you via telephone/email. The NGA will follow immediately. However, for the time being, we all have to sit tight and wait. LGOA is not in a position to obligate any funds until the official notification of an award is received from DOL.

If you have any questions, please contact me either via e-mail or telephone. Thank you for your patience and thank you for assisting SC seniors in finding community service and employment opportunities.
