Subject: Meeting

Joe, sorry for the late notice, but our office has been quite busy today. We will carry over S. 1125--the partial disqualification bill while we continue to seek resolution.

We will take up S. 1069--the seasonal benefits legislation.

Also, in reference to S. 1125, I recall that the definition of "part time" is 30 hours or less. Does that mean that "full time" is 31 hours or more? Is a claimant who worked and now is seeking 31 hours or more of employment considered "full time"?

Thanks,

Danny
