**Subject:** New Resource: Wandering Behavior of People with Dementia

---

Dear ADSSP, ADI, and Systems Integration Grantees and Collaborative Partners,

We'd like to make you aware of a new issue brief, entitled, [Responding to the Wandering Behavior of People with Dementia \(PDF\)](#). This issue brief discusses one of the more difficult symptoms of dementia by: describing the service needs of people who are at risk of wandering, discussing person-centered approaches to meeting their needs, and providing information about services options that can address wandering.

Thank you,

National Alzheimer's and Dementia Resource Center
