Katherine-

I met with Rep. Hosey today about one of DEW's empty buildings in Barnwell. He asked me to follow up with the Town of Barnwell as they are interested in the building.

Thanks for making me aware of his interest.

Jean Cecil,
Spoke with Rep. Hosey today about a DEW office in his area – he has some questions and concerns. I told him you would follow up with him.
Contact card attached.
Thank you,
Katherine
