Did Josh answer this? It's H. 3061. It's in the batch of bills we turned in a week ago. We don't have a one-pager or anything, but the bill itself is pretty short and straight-forward. If you have questions, just let him/me know. Thanks.

Steven with WLTX called to say he understood we were working with Gov. Hayley and school board on preventing concussions in students and asked if we had a list of proposed/current regulations to help prevent concussions on our website or available for him to have. Can you help?
