---

I hope you guys are well.

I'm attaching some information from the SC based Honeywell team. They are HUGE in cyber security and have an interest in being at the table on the group you announced today. I haven't read anything on it so I don't know if or how they'd fit in specifically. I'm just the messenger.

Beth knew I used to work with Team Haley and wanted me to pass this along. Please contact her directly if there is an interest. They appear to know what they are doing!
