Dear Governor Haley

First let me say you are doing a very good job. I am glad I voted for you. I am a tax payer of Sex County. When I ride across the Dam it makes me mad. All the locks and streamers on that expensive fence. I don't know but I think tax payers paid for that fence. Only in S.C. would you see something so trashy. I hope you can find time to see what you can do with this problem for me. I have made a few calls but no luck yet. It just disgusts me that I feel only in S.C. We should have more class than that. Thank you for taking time to read this. Keep up the good work. Thank you.

Sincerely

Mary Russell
