OK...v09's out there...do whatever you wanna do. And do you mind plugging in whatever those DMV NR asks are?

Let me know when you're done, and then I'll get back in it tonight. Probably around 9:30 or 10, depending on when you do your stuff. Thanks.

Stuff I've seen while working today:

- I didn't do that sort on 13-14 Exec Flat, but it's all jumbled up...I didn't want to try to fix it without checking with you first.  
**It will jumble a little no matter what you do. I think a custom sort in the order of - section; Program; funded program name; element; concatenated MAMI would give you the best result. It places all of the multi-agency groups (i.e. USC branches) at the end .That's what I did, tell me what you think.**
- DOT: Lexington County Maintenance Complex Construction...\$200k NR line appears to be missing from the flat files.  
**Done**
- Revenue: We need an NR line for the data breach. Might as well use \$25M as a placeholder.  
**Done.**
- Tech System: I changed a bunch of their recurring lines, but it's not feeding Awesome.  
**Fixed**
- Commission for the Blind: You mind taking a look at their allocation of the 3% raise? The Exec Flat file shows that the only line with a recurring change is the \$100k for Supportive Employment Services (II. Rehab/Case Services). Their PDF shows how they want to distribute their \$45,804 for the pay plan, though.  
**Allocated**
- Forestry Commission: I changed some of their recurring lines, but the total on Awesome doesn't look right.  
**Your stuff adds up – talk tomorrow?**
- We'll need deferred maintenance NR lines for any higher ed institution that doesn't have one yet.  
**Loaded – several institutions were allocated more than they asked for.**

Thanks.
