**Pierre Toussaint** Waiting for SC to stop romanticizing slavery as if it was something so great. Offered nothing to the blacks but took whatever the government was giving them and gave it to the whites at the time. Give the whole history. As a person from NY visiting here it's kinda sick how these tours never tell the truth  
at 14:24:32 on 8/19/2020 UTC

**Lisa Schutt** Pierre Toussaint stay in NY.  
at 2:38:30 on 8/22/2020 UTC

at 9:37:18 on 8/22/2020 UTC

**Bram Gambrill** Pierre Toussaint I'm from Charleston, and have lived downtown for many years. Many of them were given land that is now very valuable on the peninsula.  
at 15:18:58 on 8/22/2020 UTC

**Johnathan Walton** Pierre Toussaint you're right NY didn't have slaves, they had "indentured servants"

**Joe Jeter** Pierre Toussaint do us all a favor and stay in NY. We're already full of condescending pricks from off who try to tell us what we're doing wrong. You might consider that the lies you were told in history class might not be the complete truth either.

**Ben Thweatt** Pierre Toussaint you realize 17th century militias fighting Spanish and pirates had zero to do with slavery right? that's what's in the video. this is a disingenuous characterization. also charles towne landing has an AMPLE amount of information on African slaves at the site as well as white indentured servants and the wealthy who moved there

at 11:06:23 on 8/23/2020 UTC

**Eric Bowland** Is it open ?

Are they running at full capacity?

Are there instructors and actors working ?

If its just point and look oh wow look its lame
