January 13, 2017

The Honorable Nikki R. Haley
Office of the Governor
1205 Pendleton Street
Columbia, South Carolina 29201

Dear Governor Haley,

My name is Spencer Dyke. I attend Thomas Sumter Academy. I am fifteen years old and I'm in the ninth grade. I've been assigned to write a letter to a public official about a problem in the community. I live in Rembert and I've been driving for a while and I have noticed that a lot of the roads in Rembert, Sumter, Dalzell, and throughout the state are not in good condition. The roads are bumpy and that makes it a little scary to drive on. It's already dangerous enough with most people casually going upwards of ten miles per hour above the speed limit.

It's even more dangerous since the roads aren't in very good condition. I understand this will take time and money to fix but, if it isn't fixed the likely hood of people crashing increases. I hope you can do something to fix this problem. I understand that I am in no position to make demands. But if this problem isn't fixed a lot of people could die from driving related issues.

Repairing these roads would make driving a lot safer for everyone. Thank you for taking time to read and reply to this letter.

Sincerely,
Spencer Dyke
