Director,

Thank you for the opportunity to meet last week to discuss your vision of the statewide frozen meal program for the unserved/underserved regions in your state. I have attached a recap of that meeting and the “next steps” necessary for us to proceed.

You will see that I have designated the point persons for the next steps from GA Foods. However, I need you to designate your contacts for your team when you have a moment.

We are looking forward to moving quickly on this project.

Thanks again.
