Dear Mr Tony Kester,

This is a reminder to let you know that registration for **Superbugs & Superdrugs USA** will be closing in **2 week's**.

In the run-up to the event, SMi Group have released an **attendee list** featuring a global audience that emphasizes a widespread international concern on the serious global threat of antibiotic resistance. Nations present will include **Belgium, France, India, Russia, Spain, Sweden, Switzerland, United Kingdom and USA**.

Gathering antimicrobial experts, scientific pioneers and US Government bodies, the timely event is a must attend for both new and seasoned stakeholders to network, exchange novel solutions and consolidate current strategies.

Event highlights will include:

- Host nation addresses from influential players representing several US Government bodies including Pan American Health Organization/World Health Organization (**PAHO/WHO**), National Institute of Health (**NIH**) and The Biomedical Advanced Research and Development Authority (**BARDA**).
- A keynote presentation from **John Rex**, Senior Vice President and Chief Strategy Officer, **AstraZeneca Infection Business Unit**. Expert insight drawing from over 30 years of development and policy experience focused on antimicrobial agents.
- **Phase 1 clinical trial results** from European case studies.
- A spotlight on antimicrobial combination therapy from **William Weiss**, Director of Pre-Clinical Services at the **University of North Texas Health Science Center**.
- In-depth overview on infectious diseases **between animals and humans**.
- Innovative breakthroughs to **treating gram-negative infections; protein based biologics**; and updates on **restoring antibiotic sensitivity** with insight from **Spero Therapeutics, Janssen, Blueberry Therapeutics Ltd, Noigel, LLC, ABAC Therapeutics, Entasis Therapeutics** and more!

**Download a brochure** to see the detailed agenda and full speaker line-up.

Please note that **registration will be closing soon**.
