Dear , I fully support expanded opportunities for foster and adoptive parents. You are right that this must be addressed, regardless of efforts to save the lives of unborn children.

Lt. Gov. Bryant, if The Personhood Act should pass, what plans do you have to feed, house, clothe and educate these unwanted and soon to be abused children. To say you are against abortion is one thing, but caring for the persons after birth is another. This state is poor in its responsibility to these children. Shame on any person who wants a future such as will be for any child from an unwanted pregnancy. I do not condone abortion, but rational REALITY must be faced. Let's face our responsibility for the needs of those children. Please look at the WHOLE picture!!
