---

Katherine,

Good morning. Again, thank you for your time yesterday. We need to do it more often even if there isn't anything to talk about! :)

Attached is a black and white version of a credential that we have created per the Governor's request. For security reasons, does the Governor want her in-laws and children's names on these badges? No problem either way but we wanted to ask. Thanks.

Take care and stay in touch.

:) Steve
