Dear Honorable Governor Haley,

Thank you for all you have done for us in South Carolina. Most of the houses have been flooded but just take a min. and think about all the F-A-R-Mers. Where we get food clothing. All the farmers fields have been flooded. H-E-L-P! I have written this asking for you to help all the farmers. You will probably meet Mr. Jeremy Bonnon tomorrow. He is the one who talked to us about farming. We are hoping you can sell stuff and raise money for all the farmers so we can get lots of stuff like beans and cotton back in the grocery stores. It has been so wet and soggy they cannot get tractors in the fields to harvest the crops. Then here comes the flood. It shut the grocery stores, schools, and all that good stuff. We are asking for you to help us do lots of things. respect schools, help pay the farmers bus gets they borrowed. Soon I hope you can come to WGE and tell us a little about your self.

We also hope you can help all the
farmers get back in the fields and
plant and harvest crops.

Love,
Camden Barrineau

Dear Honorable Governor Haley

I thank you for all of the things that you do for us in Clarendon County. Can you please help our farmers. Because the flood killed all the planes and they can't plant more plants because the ground is to soggy. So if they put something heavy on the ground it will get bog down because the ground is soggy. If you don't help them they will lose their jobs and many we won't have food. Can you please help our farmers?

Dear Honorable Governor Haley

Thank you for all
you have done for the Clarendon
Country Citizens and the
Citizens of South Carolina. I
am writing to ask you to
help the J-F-A-B-M-E-B-

S. They help lots of people

survive. If farmers were not real
then we would not be here

to day. So will you
P-L-E-A-S-E H-E-L-P

them because if they don't

get a enough money they
will not be able to pay

the banks back! Pretty,
pretty please give them

some money! I am going to be
So H-A-P-P-Y if you do!

They need money because
they can not buy more food

because they do not have a
enough money. So will you

please give them more

money because they really need the money so they can make and grow food for us! I think the F-A-R-M-E-R-S are really sad because they have been able to give food to the grocery stores so we can go to the grocery stores and buy food! So the people will survive... if you give money to the F-A-R-M-E-R-S! If I was you I would give them all the money and as much as they want and extra money. I would give to farmers that have kids and a wife too or if they only have kids I would give them the money to go to the grocery store to buy their family food if they need some to pay for their tractor ^{to get} fixed. I would give them the money they need to do it! I would give it to him and wife and kid too!

So will you still give them
as much as I could give them
in the whole wide world! I
think that is what you
should do! But it is up to
you if you want to do that!

Lore,
Sarah Ross
