Dear Governor Haley,

When I have heard this year of the floods in South Carolina, my thoughts were immediately with the people of South Carolina. My greatest respect is valid for you and the SCEMD. How you have mastered this challenge for the people and the region deserves the highest recognition. For me, South Carolina is not only the second biggest location for the BMW Group, for me it is and remains my second home.

For the BMW Group 2015 was a good year and I think also for the BMW plant in Spartanburg. One of my personal highlights this year was our meeting at the motor show IAA in Frankfurt. I think it is very important for South Carolina to show presence in Europe. Therefore, I would like to invite you for the next year in my plant to Dingolfing. Also here we produce parts that are shipped to your plant in Spartanburg.

My plant in Dingolfing is only 50 miles northeast of Munich, which would give you also the opportunity to visit our BMW Headquarters in Munich.

I wish you, your team and your family Merry Christmas and a happy New Year!

Best regards
