**Juan- The grounds are open to the public Monday- Friday from 9 am to 5 pm unless we have an event scheduled. If you come during those times you are allowed to use the gardens complimentary. I would recommend giving us a call when you chose a date just to make sure we don't have an event going on.**

Good afternoon my wife and I are looking for a place to do maternity photos. We have a few we are checking out and someone recommended you. Is there a price to come do photos with our own photographer? If so we would like to know how much?

Thanks, Juan Rivera Jr
