Guys, I'm sounding alarms right now. If you call on her to stop SYRIAN refugees, we will lose and lose BIG. The program only began receiving Syrians a couple of months ago, but it has been bringing in boatloads of Muslims for YEARS.

Please be smart. In the bigger scheme, the Syrians are the least of our worries. The Congolese and Somalis, for example, are just as concerning. Please do not use our precious political capital narrowing this to "Syrians". The program will still be in tact and on full throttle. It will give the appearance of a victory, when we will not actually be gaining anything.

Dear Governor Haley and others on this email.
The ban of only "Syrians" is not enough. It must

be ALL United Nations refugees and any boarder jumper or asylum seeker from a hostile region or unknown region. The asylum seekers are being embedded in all counties right now. This program lacks integrity. Also, Please have Governor Haley call me per her statement she would about this issue when I saw her at the GOP Precinct President party at Belfair. Time is of the Essence. I respond to this email to clarify the word Syrian is not adequate to protect South Carolina. We need to Cease and Desist this program--with a full moratorium. SC LIVES MATTER. Lauren Martel

Hi Ashton and David,

Please convey to Gov. Haley the concerns of many in SC who are VERY concerned that there is no current way that Syrian refugees can be screened to guarantee that there are no terrorists among the refugees.

Michigan's Governor Rick Snyder said that "our first priority is protecting the safety of our residents" and put on hold accepting new refugees. We hope that Governor Haley will show the citizens of South Carolina that she has the same priority to her state by holding off on resettlements of Syrian refugees in our state until the screening process can be guaranteed to keep out terrorists bent on murdering innocent people like they did in Paris on Friday.

Subject: Thank you for contacting the office of Governor Haley

November 12, 2015

Dear Friend,

Thank you for your recent message to Governor Haley's office regarding refugee resettlement. The refugee resettlement program is a federal program designed to provide comprehensive and uniform provisions for the effective resettlement and absorption of admitted refugees. Before entering the United States, refugees receive the highest level of security screening by both the United States Department of State and the United
