They are actually only going to be here on Wednesday. Is there any way to squeeze them in? Right now, the only time they can't do it is 3:30-4:00pm.

Katherine,

Per our conversation, will you see if you and Swati have time to meet with me and Lewis and Casey Welch and Don Tyliniski with STEM Premier on Wednesday? We'll need about 30 minutes, and the purpose is to show you what we are working on in regards to workforce development. Please let us know a time that works for you.

As background, our primary focus is showing high school students, parents, teachers, and guidance counselors the career opportunities available in manufacturing and what the education path is to reach these opportunities. We are doing this through an initiative we have called SC Future Makers, and we have partnered with a company called STEM Premier as part of our program.

Thanks,
Sara
