Jason — received this today, can you please take a look at this survey and determine what it entails and start to determine what else we might need to complete it. I think that you responded to the written one on this topic. You may need some help from Mark Hall and possibly Steve Boucher on this too.

Faith — as this is a formal federal request please log it in the log system.

Thanks,

john

Dear John,

In late 2013, you corresponded with OIG staff regarding the encounter data reported to MSIS from your State Medicaid program. This correspondence was in connection with our evaluation entitled "Medicaid Managed Care Entities' and States' Collecting and Reporting of Medicaid Statistical Information System Encounter Data" (OEI-07-13-00120). We selected a sample of States for further data collection regarding the factors that enabled or prevented their reporting of MSIS encounter data. South Carolina is one of the selected States.

The link below will take you to a brief online survey regarding your processes for collecting, compiling, and reporting encounter data to MSIS, factors that enabled or prevented you from reporting such data, and suggestions for improvement or guidance needed. Please complete the survey by May 1, 2014. Before you submit the survey, please use the "Print" button to print a copy of your responses, and ensure that any needed approval from the management of your agency is given. Once you submit the survey, we will regard it as an official State response to our inquiry. We may contact you to follow up on any needed details after reviewing your responses.

[Click here](#) to go to the survey.

Log-in Information

The link will take you to a log-in screen; your log-in name is your two-letter State postal code. For example, the respondent for the State of Missouri would use the log-in name MO. Leave the password field blank.

Navigation and Submission

If you need to exit the survey before submitting it, please save your responses using the "Save" button at the bottom of each page of the survey. Once all your responses are complete, please use the "Print" button to print a copy of your responses, and ensure that any needed approval from the management of your agency is given. Submit the survey by clicking the red "Submit" button on the last page of the survey. Do not click the red "Submit" button on the last page unless you have completed all the questions and are satisfied with your responses; you will not be able to access the survey again after clicking the "Submit" button.

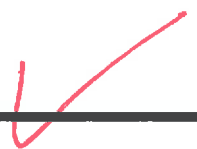

If you have any questions or difficulties completing the online survey, please contact Conswelia McCourt at conswelia.mccourt@oig.hhs.gov or (816)426-4967.

I have updated/edited the survey and submitted it. I have attached a copy of the submission - Faith please log this as the submission.

Thanks,

john
