Subject: RE: Scan from a Xerox WorkCentre

Hi Rob,

I'm doing a story on the fact that S.1375 appears certain to pass the Legislature and head to the governor's desk. This is the bill that would let cyclists use limited access highways if local governments requested it and SC DOT determined there was no safe alternative. (It grew out of a situation here in Charleston with the James Island Connector). I know of no active opposition to it.

Can you tell me if the governor plans to sign it?

Thanks,

Robert
