Dear Sirs

Today, We Can not say that Andrea Delorenzo the only enemy public number 1
(or surname Di Lorenzo I don't remember the Surname has always say a very

little different surname during all there knowledge) but is between Those That allows

the existence of the organization terrorist then is, possible define he so. one of Those
ones Andrea Delorenzo (or Di Lorenzo) the same

criminal That certainly has brought forward the conspiracy versus me from year old 90
'together to other continued together to other reported from me in the

tribunal like Giuseppe Baschirotto (one of first 20 criminals of organization terrorist and
criminal political delivery in the planet) now dead no interrogation for

he before die he confirmed also this one mister Baschirotto had

continued this conspiracy versus of me why refused of enter in this organization like I
have always do in

my life with whatever organization.conspiracy from little time confirmed to phones
French. then the enemy public

number 1 and not only of the city of Milan (with father that one that tries to hide and protect and stop activities investigation

versus the organization terrorist and versus each group that coopérâtes with the organization included those ones that feign

to be normal criminals or Masons to communicate with other the same group in Italy and to the planet. you find some détails of

what do. in the tribunal of Milan(italy) or Rome something court Reggio C. too

instead in the office carabinieri (kind of police Italian ofstreet della Moscova Milan). Italy this one office identifies Him.

,

there I describe part of complaint in court to Milan but office suggests says write other show a paper

preprinted from. Their office with only write to signal of threats generic. written from them. There probability

is high present day. That this criminal present

he homes of investigation in the tribunal like infiltrated of the police for save with the father. That is to corrupt police

man that protects groups of the international organization (I assume) accomplice of the same crimes the son I have

haunted many people in police and other groups of the nation in those year old (year old 90 ') many of their are part of my ex team

sports. but he is not part my team of judo. is only the son of a police man near my home where i live I see he Because thinking

is honest such as the other why is that and son of a police man but he's not like this.

you find the details

of that one that confesses

(and then prétends that is one joke this one is written also .in document complete

in the tribunal of Milan in more I have remembered after That Andrea Delorenzo or (Dilorenzo) it can

feign of collaborate with Russians or American if necessary

to save too suddenly with projects the past.(period information 90 years'this particular. The remember

after a lot of year old) they have attempted in plus of submit part of police to the controll of part police threatening.

today he knows that he is checked from satellite like many people and from many year old after my complaint court

tries behavior normal or create illusions to give false information his organization hides all the groups in contact

that allow the actions of terrorism international and destabilization countries and

destruction countries stability creating révolutions impairment their alliances exploitation their men (and destruction their economy in my

complaints they are included two imam period before 2005 or deluded from fictions organization of cells occidental from Italy today organization

created revolutions dangerous too much fast versus countries Arab.there itself organization to submit also the

terrorists and will you pilot the events groups that also have supported Milosevic areas of the extermination Muslims infact Andrea Delorenzo (or Dilorenzo) Has collaborated with Giuseppe Baschiroto (one Of first 20 Criminals organization the world)present day is possible adds in the list of criminals number 1 The planet. and Then is appeared when Baschiroto Said to me That I could Save only overseas. Between people reported occidental 2 Imam Deluded their fictions

Some between the people reported for terrorism

international and policy diverted (have Participated also operation Telekom Serbia But I dont Know information about this Baschiroto Not spoken obvious) I Have started to speak to Milosevic Only for to do understand in how many crimes organization involved and to remember renewal mandate 23 president Milosevic Game numbers like in attacks terrorism (infer of the statements of Baschiroto. Described in court Milan To interference in nations their groups probably knew were responsible also if probably not directly) but indeed ,I have

denounced for other topics of asked of investigate to terrorism international and policy diverted criminal (and Continued with there feint propaganda versus the States US and Israel)

Baschiroto (one Of the first 20 Criminals in the word it seems a person that works in office normally (Is my colleague of administrator Independent International group listed New York Paris Publicis Group)

Before in a period past I Examine all the society of communication more great and International (there Know Giuseppe Baschiroto Today I think He know of the conspiracy versus of me very much before I think). For this one is available year old after when the i call? he says immediatly yes. He These Normaly like to the administrators to little the contract. After in the years working in itself society international before says That. I have Enemies I know Asks insertion in organization secret diverted after the my refusal threat during the period of job threat yet asks entering in a organization international criminal That He says changes there

history of nations Baschiroto In the phases final after my

refusal says That I am Save only overseas (2005) before of set off i see suddenly in front of a port

of home Andrea Delorenzo (or Dilorenzo) 2005. I Understand that risk the abduction and me threat in contemporary exactly when Baschiroto me the says. i understand that do

not I have very much

time but appearance to connect with Giuseppe Baschiroto why Andrea Delorenzo do not says the name of Baschiroto obvious (or Dilozenzo do not memory the last name used

false last name in all over the period knowledge) identified from office of a type of police

Italian) but If ago figure out That there A link with Baschiroto why is that arrives own when Baschiroto has said Baschiroto speaks Of he without Say the name and

Reports to Andrea Delorenzo (or Dilozenzo) Them selves events from he recounted. i am

Not I understand Well the situation and i understand do not

I have very much time to denounce in court (2005)For the danger I dont Have time

To search for the confessions then I decide The trip over ocean after three months and complaints by phone return in Italy (today i understand . It's not Group of communists like

he says) also if the doubt remains to a period Yet in 2012 Use this word only to simplify to the diplomats American End hunderstand the danger in reality their they are on many fronts

in US Many times change city for security people of the organization approach in my hotels some threaten after a period long in Texas

Houston Where I direct Strategies of little multinational (by Phone my little client HORM About 50 000 000 euro For years) finished money do not I can Withdraw from my bank 130000 Euro after

Tax the paper do not function and bank do not it can ship the money I become Last period poor (in

all over 3 months)infact second trip for emergency I Prefer Change to China Africa

Dubai

and othernational few days and change slept also in airport departure end 2006 Return

first day 2007. In first trip instead in 2005 in US last days wonder money on the road to security better more days before of return. Say to me or a center to people with problems drug or alcohol Or mind or in prison why it's not possible ask alms after some days that I'm In this center to people with problems and then I take Tickets bus that I had Advanced and arrival to take plane after a little of

Time in fact I . have no Need not even the phenomenon Galilean Of repeatability of a

Event that I have From attacks in days 23 24 25 why do not have partly confirmed and never denied all the people that I have Heard come on phones French Yet in 2014 including Erminio Boso Ex senator ,Luciano Votta lawyer, Gianni Celada Professor university ,grandson of Mussolini,a representative of community Mussulmna Convert Giuseppe Baudo. do not has would appear a phone the president of region Lombardy Roberto Maroni,for example .

and now remembering there propaganda of Baschirotto I say That their do not they are communists feign propaganda (is Not the true their attack all countries) feign versus only versus the United States And Israel (it's Not the true). when for to see what happens and trip out in 2005 I Not connect Immediately the two subjects in the tribunals :

Giuseppe Baschirotto and Andrea Delorenzo (o Dilozenzo) but i write in the tribunals, (All and two) say and confirm part of same events. after have think like to do and to have more information 2006. Without hurry having all feel (for my phone calls from United States.Including Their part of Admissions by phone).

conspiracy shown in the past and present day reconfirmed to phones French, (plot for to try of to seem me a criminal)Today Andrea Delorenzo (or Dilozenzo do not memory the surname presented with a letter wrong fake surname for all the period of our knowledge) considerable the enemy public number 1 not only of city.I mean Milan (italy) The organization includes submission part of police and threats to the police in area of Milan The organization acts also in court of Milan for hide.

Their components and seem in agreement with all groups. instead go on for the to ruin Italy with the actions organization and all his connections terrorist. from speeches of the subject the organization creates and has groups specialized (mingling to normal groups criminals has in city and to example in Milan) in disappearance of people without then finding of victims.in Any Case with capacity if necessary their they are groups of fire.
