Dear Mr. Roberts:

Having been a volunteer to the Muslim inmates at Leath Correctional Institution; and this would be my 20<sup>th</sup> year, I write at this time requesting to apply and be approved to volunteer again.

It has never been my intentions to do something wrong. I have been told by SC State Attorney's office that I have the right to not list that arrest since it was supposed to be expunged. At the time of termination I had been a volunteer for 18 years. This has to be the first time that I did not indicate the arrest. You say I left it off in 2011. I was terminated in 2013. I have never been a security threat.

I write at this time for permission to apply and be approved to volunteer again.

Respectfully submitted,

Bobbie J. Peterson
