Dear Mr. Soura:

SGA is working to develop a new online platform and improved programming that will offer more opportunities for you to get involved in priority policy issues impacting the American South. Your involvement and input is important to this process, so we're asking for your help with two separate items.

1. Do we have your contact information right? To make sure our database is up-to-date, we're asking you to review your contact information as it appears in our system. The contact information we have on you appear below under "Current." If it is not correct, in the "Updated" section please send me any additions or corrections by replying to this email.
