Governor Nikki Hayley

How are you? My name is Branam Thompson. I am a student at Wayne Middle School in Wayne County, West Virginia. My reading class has been working on a project that requires us to write down research in brochure form. To help me make the brochure I have to ask you some questions.

How long have you been governor? Who have you beat in the election? Have you dreamed of being a governor since you were a kid or not? If not, what did you want to be and what changed your mind to be a governor.

I would like to thank you for taking the time to read a letter. Please answer the questions and send the letter back. Thank you.

Sincerely,

Branam Thompson
