Dino,

Sorry for the delay answering. Yes, in accordance with §59-40-170, we do maintain a list of vacant school property. Pat Hinson in our office is the contact person for that list. It is updated annually and we will be sending out notices to districts to update their information in October.

Please let me know if we can provide any additional information.

Subject: School inventory list

Delisa, the governor's office called and wanted to know if we maintain an inventory list of schools/buildings that are no longer being used?

They are discussing the challenges being faced by public charter schools and their interest in expanding to use such facilities.

Please let me know if we have such a list we can share.

Regards,
Dino
