**Subject:** National Association for Stated United for Aging and Disabilities - Updated Contact List

The National Association of States United for Aging and Disabilities (NASUAD) is in the final stages of updating the lists associated with our membership and outreach efforts. Directors of Aging and/or Disability programming in their State offices are a part of NASUAD's membership.

We have been gathering contact information for NASUAD members and we are not in receipt of yours. We would kindly like to gather contact information for as many of the listed offices/positions as possible in order to extend our ability to provide pertinent information to individuals at the state level. If, as the Director of Aging and Disability Services, you would prefer all of NASUAD's outreach materials be sent directly to you only, or if you would like to be included on all NASUAD outreach emails, please check the boxes at the end of the attached form.

If you're not the current Director, please reply with the new Director's contact information. If you'd like this to be sent to your Executive Assistant, please provide me with their name and email address.  
Thanks in advance and looking forward to working with you.
