As former governors of this great state, we support the call by Governor Haley and state and federal elected leaders to remove the Confederate Flag from the statehouse grounds. Last week's tragic events at Mother Emanuel AME Church have reminded us of the important bond we share as South Carolina citizens. We should fly only the United States and South Carolina Flags on our Statehouse grounds- flags that represent us all.

Governor Ernest F. Hollings
Governor Richard W. Riley
Governor David M. Beasley
Governor James H. Hodges

Quote from Haley press secretary Chaney Adams, "Being that the ACLU purportedly exists to protect American's civil liberties, one would think they'd be more supportive of Governor Haley choosing to exercise her freedom of religion."
