## South Carolina State Parks

at 20:00:00 on 6/18/2016 UTC · 🌐

SALUTE & THANKS to Eagle Scout, Griffin Walters from Florence. He recently completed his Eagle Scout Project at Lee State Park. Griffin built a dock going out to Brown Lake at Lee. The dock, located near the primitive camping area, now provides access to a part of the park that was always too wet to access -- which includes a tasty artesian well. Many thanks, Griffin!

**Kathy Daniels Marchbanks** Great job! I went fishing off this little dock and directly across the water there is an otter that came out to go get some dinner just before we left.

**Paul Ham** Very fond memories at Lee State Park. That was the site of my first Boy Scout Troop 424 camping trip. Wouldn't exchange those days with M.B. Shaw, David Bailey (Deb Bailey) and us "boys" for anything on the face of the earth!!!
