**Hi I am a Chas. native. I grew up going to Charlestown Landing. I loved riding the tandem bicycles, playing Frisbee on the great lawn, and seeing the animals in the animal forest. But, my absolute favorite thing was watching the movie in the movie theater. It was a cool respite from the oppressive summer heat. The narrator had a remarkably soothing voice. When the park underwent renovations, many of my favorites were lost. I would dearly love a copy of the movie that used to play there. Does it exist anywhere? I would be more that happy to pay for it. Thank you for any help you may provide. With gratitude and best wishes, Dianne (LaRoche) Johnson**
