## South Carolina State Parks

at 12:30:00 on 4/19/2018 UTC · 🌐

AVX loves the Huntington Beach Nature Center! The company donated \$25,000 for educational exhibits in 2001. As most of you know, a lightning strike and fire destroyed the building in 2016. Now, AVX has donated another \$25,000 to help us again! Our friends, Anita Bucci and Nicholas Kovalsky unveiled the great news last week. We look forward to the company helping us cut the ribbon on the new building in early 2019.

**Christine Martin** awesome!
