

# Invest in Solar

Generate income for decades to come!

ARiES Energy • (865) 309-4674  
**ariesenergy.com**

**More than half** of the cost of your solar system can be paid for with incentives including:

**Federal Tax Credit** equalling 30% of your total system cost

**South Carolina Residents** receive a 25% state tax credit on their system

**SCE&G Generation Incentive** pays 14-22 cents per kWh based on system size and industry

**Accelerated Depreciation** for your total system cost over a period of 5 years

USDA REAP grants are also available in most rural areas!
