To all my Government Leaders:

I use to be a proud American citizen, but today I am ashamed of my country. I was born a daughter of a US AIR FORCE soldier who worked his way up through the ranks, served in WWII and Korean War and retired as a Colonel. I was taught patriotism, love of GOD, JESUS, and country. I am a believer and follower of the Holy Bible, and JESUS ~ Yeshua is my Savior. I am the wife of a retired US ARMY RESERVE Sargent First Class who served in Desert Storm. I am the grandmother of a nineteen year old Private First Class just beginning his service of duty in the US ARMY stationed in Ft. Lewis, Washington. I say all this to let you know my heritage is service to God and Country, and I have promoted that same love to my children and grandchildren.

Today, I cry because I see the sacrifices that my ancestors, my uncles, my cousins, my family has made to call America, home of the brave, only to see it become home of the abominators, rebellious, illegitimates, murderers of the innocent, and filled with self-seeking, self-promoting, greed, lying, and no common-sense leaders, organizations, lobbyists, special interest groups, foreigners, and the enemy within her borders. The minorities rule, not the majority. Our democracy has turned dictatorial and closed to the people, who have the nation's best interest at heart.

Where America once provided a future filled with hope, it is now a place of uncertainty of what tomorrow may bring and most likely will bring chaos, war, destruction, unequal rights forever, and sorrow! It is disgusting to see the direction America is heading. Most likely it won't be America as I grew up knowing it...it will be a world country disunited and under the control of a dictator, the very thing this nation was founded upon to never happen here!

When our government is not allowed to run as it was designed to function, when our leaders choose to please a few over the whole good, when wrong becomes right, when lies become truth, when being politically correct, socially correct, and diplomatically correct takes over common sense and well-being of betterment for all and religious doctrines don't represent the truth of GOD's WORD, WILL and WAYS...America has only one direction to go and that is to HELL!

Thank the Lord there are righteous, God-fearing, God-loving, God-obedient people still living in America whose hearts are to see God's mercy and grace keep America from being fully destroyed! GOD's judgments will come regardless, all will stand before him, will have to bow and acknowledge HE is GOD! How wonderful if America would humble herself, repent, confess, seek the Lord for guidance, and change from her evil ways so that we once again can receive blessings instead of curses, promises of success, prosperity, and favor instead of destruction, failure, disease and hatred.

My heart is heavy and my husband and I have talked and questioned ourselves, is it worth living and staying in America? But we understand we can't run away from the anti-christ spirit, the fulfillment of the End Times before Christ returns and takes up HIS holy throne. We know we are here for such a time as this, if for nothing else than to be an added voice warning, crying, praying for GOD in HIS mercy to change the hearts, minds and spirits of our American leaders, churches, and people to recognize we are in serious times. We can't keep choosing to ignore our Spiritual Heritage. "Choose you this day who you will serve, God or man!" America was built on God's Word, the Holy Bible...her government, her educational system, and her economy was established "One Nation under GOD"..."In God We Trust!"

I'm thankful to live in the State of South Carolina, one of our founding colonies and still a leader to our nation. There is recognition of GOD, the Bible, JESUS, and the importance of putting our trust and faith in them! Yes, SC has given in to our federal government on issues that are now oppressive instead of aiding, binding instead of freeing, and demanding instead of allowing choice. May SC continue to stand-up and be brave to say "NO" or "This far and no more" as more demands are made to fall in the dictates of the Federal Government. I consider SC one of the safer states to live because there is a willingness by our governor to not give in to everything the Federal Government is wanting and by the leading of leaders whose true interest isn't in the best for our state and/or our nation, but for what benefits them personally from the lobbyists, minority organizations, or individuals who pay them so they'll do what they want instead of what is best for the whole nation!

Our Supreme Court has truly let down America on their decision making lately and they will be held accountable and responsible! How we need wise, common-sense, and righteous leaders who have character, honor, loyalty, patriotism, truth, and strength to stand-up, to be brave, and fight for what truly will bring the best for and from our nation! Today, I can only envision chaos, shame, foolishness, no trust, suspiciousness on and about everything, dishonor, disrespect, poor standards in all areas of living, more selfishness, more greed, more hate, more evil, more sin, more collapse and I could name more, but the picture is drawn!

I desire to think on things that are pure, lovely and of good report and spiritually and in faith I can because I know the "rest of the story!" I know of the promise of Jesus returning and setting up HIS kingdom here on earth...I am a believer with a hope and promise of an eternal future, one with no more crying, no more sorrow, no more pain, no more diseases, no more wars, no more sin, and no more death! I pray America will repent like the City of Nineveh and change from her evil ways, so she can continue to exist, but looking at how things are today, a miracle will truly have to happen...a wake-up from the minds of man and the world, to minds set on pleasing the Creator and maker of all mankind and obeying HIS WILL and WAYS over one's own selfishness!

My letter is just a letter from one small voice that is overcome with sorrow, pity and shame that the nation I love, the nation I call home, the nation of my ancestry, and the nation I grew up in with so much pride and patriotism has lowered itself to degradation and self-destruction!

We still have free speech, this is my opinion, and I don't know if I'm speaking for others, other than those I know personally who share similar thoughts, but it's good to release these burdens to the Lord, who knows already America's final outcome!

May God bless the readers of this expression on paper...my theme always will be..."The Joy of the Lord is my Strength!" "I know where my help comes from!" May many have their eyes open to see, their ears unstopped to hear, their minds willing and able to understand, and their hearts receptive to respond and change! This is my prayer for America before our doom is set in concrete and no changes can happen for good! Only you as an individual can help make a difference for your own self...every day provides opportunity to align oneself with God's Will, Ways and Words.

"Trust in the Lord with all your heart and lean not on your own understanding; in all your ways acknowledge HIM and HE will direct your paths!"

I write this in respect to who you are as my President, my Governor, My Senator and My Congressman, I want you to know my thoughts even if they may be of no account to yours, but it's good to know citizens like myself are not unaware of what is happening in the world, many are very much alert and in tune and are praying continually for America to turn to a better direction, a direction where GOD is acknowledged as in control and worthy and needed to be directed by instead of man!

Respectfully,

A handwritten signature in cursive script that reads "Sharon S. Boone". The signature is fluid and elegant, with the first name being the most prominent.
