Athena,

One follow up question on our policies....For our T111110001A policy for coverage of legal issues outside of the IRF Tort policy, we pay \$23,500 for \$250,000 in coverage. We could pay \$8,500 for a \$100,000 policy. What would be the cost for a \$150,000 policy? Or even a \$200,000 policy? Just looking at options.

Athena,

Just wanted to check in...I have located our items. General Services' policy covers the Statehouse with a large general policy and an itemized one for artifacts. They also have a similar policy for the Mansion. I am meeting with them Friday to reassess and review our artifacts.

I have worked on our interior items.

Hope to have everything sorted out by Friday.

Thanks,

Richele
