Subject: Thank you for standing up to the DOE about Nuclear Waste in South Carolina

Dear Gov. Nikki R. Haley,

As a citizen of South Carolina, I want to thank you for taking a strong stand against the Department of Energy plan to bring more plutonium to our state. Enough is enough! South Carolina should not be a dump for the world's toxic waste.

In addition, I urge you to push for the closure of the MOX facility at SRS. Years behind schedule, the project is billions of dollars over budget-a waste of taxpayers' money.

Thank you for your leadership on this very important issue!

Sincerely,

Mr. Phillip McLaurin
