Medicare Part G

Okay I admit to being a bit cynical these days, but still have a sense of humor.

Sounds like a plan but I am not recommending this....except in dire circumstances.

A zero premium, no deductible Long Term Health Care Plan

Say you are an older senior citizen and can no longer take care of yourself and need Long-Term Care, but the government says there is no Nursing Home care available for you. So, what do you do? You opt forâ€¦

Medicare Part G.

The plan gives anyone 75 or older a gun (Part G) and one bullet. You are allowed to shoot one worthless politician. This means you will be sent to prison for the rest of your life where you will receive three meals a day, a roof over your head, central heating and air conditioning, cable TV, a library, and all the health care you need. Need new teeth? No problem. Need glasses? That's great. Need a hearing aid, new hip, knees, kidney, lungs, sex change, or heart? They are all covered!

As an added bonus, your kids can come to visit you at least as often as they do now!

And, who will be paying for all of this? The same government that just told you they can't afford for you to go into a nursing home. And you will get rid of a useless politician while you are at it. And now, because you are a prisoner, you don't have to pay any more income taxes!

Is this a great country or what?
