Subject: RE: Executive Order

---

Jared,  
Thanks for calling this to my attention. The provision should state 56-5-70 not 56-7-70. I will get that corrected. The timelines are below and are in effect until the Governor issues an Executive Order rescinding these timelines due to the emergency being over. We would notice the rescission.

Thanks,  
Richele

**SECTION 56-5-70.** Certain vehicle requirements suspended during state of emergency; declarations of emergency triggering federal relief under 49 C.F.R. 390.23.

(A)(1) Notwithstanding any provision of this chapter or any other provision of law, during a state of emergency declared by the Governor and in the course of responding to the state of emergency:

(a) requirements relating to registration, permitting, length, width, weight, and load are suspended for commercial and utility vehicles traveling on noninterstate **routes for up to one hundred twenty days**, provided the vehicles do not exceed a gross weight of ninety thousand pounds and do not exceed a width of twelve feet;

(b) requirements relating to time of service suspensions for commercial and utility vehicles traveling on interstate and noninterstate routes are **suspended for up to thirty days**, unless extended for additional periods in accordance with 49 C.F.R. 390-399.
