11:00 AM - 12:00 PM

Economic Development Event: Nutramax Expansion -- Nutramax Laboratories Family of Companies, 946 Quality Drive, Lancaster, S.C.
Approved By: NH on 11/23
Note: Tony Denny request.

EVENT: Nutramax Announcement

DATE: February 1, 2016

TIME: 11:00 AM

LOCATION: Nutramax Laboratories Family of Companies, 946 Quality Drive, Lancaster, SC 29720 (one of 3 sites in Lancaster, SC)

PARKING: In the front of the building near three flagpoles, there will be designated parking, and the Governor will be greeted by Kristen Blanchard, Nutramax VP of External Affairs and Ted Campbell with Commerce. Ted will bring the gift and place it on the Governor's chair.

PURPOSE: To thank the company for their commitment to the state, with an overall investment of \$29 million and 250 jobs in Lancaster County since 2010. With this expansion project, the company is investing an additional \$15 million investment and creating 125 new jobs.

LOCATION SET-UP: The event will be indoors and will begin with a tour of the quality control laboratories, production and packaging areas and the warehouse, all of which will be indoors (fully air conditions and heated). After the tour, the group will go directly outside the building by the main reception area to a heated enclosed tent for the presentation and interviews.

ON-SITE LOCATION CONTACT: Kristen Blanchard- Vice President, External Corporate Affairs, Cell 410-688-6857, email- kblanchard@nutramaxlabs.com

HISTORY OF COMMUNICATION: Kristen Blanchard attended a political event for Governor Haley on May 7, 2014 in Columbia at The Palmetto Club. In addition, Kristen Blanchard and her husband Jim Blanchard attended the Inaugural Gala in Columbia on January 14, 2015 and had a photo with the Governor and her husband.

COMPANY OVERVIEW: Nutramax Laboratories was founded in 1992.

- Nutramax, a family-owned company researches, develops, manufactures, and markets nutritional supplements for people and their pets primarily in Maryland and South Carolina through its two business divisions, consumer products and veterinary science.
- The company offers products in the areas of joint health, heart health, brain health, liver health, and wellness of people, dogs, cats, horses, and rabbits. It also offers amino acid-based biofertilizers for enhancing the health and wellness turf grass; and to treat non-sports plants, such as pumpkins, avocados, and cranberries.
- The company sells its products through retail and online stores.
- Nutramax's product Cosequin, a joint health drug, is endorsed by Jack Hanna, celebrity director of the Columbus Zoo who has appeared on the Late Show with David Letterman, the Ellen DeGeneres Show, Entertainment Tonight, Fox News and

CNN.

- Some of the Cosequin Joint Health drug competitors are GNC Pets, 21 Century (Manufactured in Tempe, Arizona) and The Missing Link, headquartered in Valencia, CA.
- In 2010, the company announced its plans to locate Nutramax Laboratories and Nutramax Manufacturing in the state, investing approximately \$29 million and growing to 250 employees. It opened Nutramax Laboratories Veterinary Sciences, Inc. in Lancaster, South Carolina, and that facility is used to research and develop products to support animal health. Currently, Nutramax employs 283 full time employees in South Carolina, per Kristen Blanchard with Nutramax.
- Per Ted Campbell, the company purchased the former U.S. Textile plant, and plans to invest \$15 million over the next 5 years as well as creating 125 new jobs, 33 of which have already been hired. When the relocation is complete, the company will have three sites in Lancaster County – Nutramax Laboratories and Nutramax Manufacturing, both located in Lancaster Business Park. The 946 building where the event is being held is used for manufacturing, quality control, warehouse/distribution and corporate headquarters. 851 quality drive is customer service and our soft chew manufacturing. The new building 1759 Flat Creek is still being rehabbed. But it will be Nutramax's warehouse and distribution center along with soft chew manufacturing and offices by the end of this year. We will then be expanding manufacturing in 946 building.
- According to the Baltimore Business Journal in 2012, the original plan in 2010 was to move the Edgewood-based consumer division and manufacturing operations to SC as well, however, per company spokeswoman Lisa Beck at the time, company growth necessitated both locations.
- The company is headquartered in Edgewood, Maryland, with plans to relocate to Lancaster, S.C.

COMPANY BRAGGING POINTS: Nutramax is a Christian-based company with a mission to glorify the Lord using the gifts he has given their employees to research, develop, manufacture and market products that improve the quality of life for people and their pets.

SUGGESTED TALKING POINTS:

- It is truly a great day in South Carolina, as we celebrate yet another expansion of one of our fantastic companies.

- Today, I stand here with pride as Nutramax Laboratories is announcing an expansion here in Lancaster County!
- Another source of inspiration – today’s announcement shows that Nutramax is doubling down on its commitment to our state.
- Since moving its animal health business and corporate operations to South Carolina in 2010, it has been wonderful to watch this company grow and prosper here.
- By investing \$15 million and creating 125 new jobs in Lancaster County, Nutramax is making a statement that they truly believe in this community and its workforce.
- These 125 new jobs will have a real impact in Lancaster, supporting 125 additional families here.
- From cars and planes to textiles and nutritional supplement products, our South Carolina workforce has earned a reputation for making things - and making them well.
- This is a company that prides itself in developing and manufacturing first-rate products, and we are proud that they trust South Carolinians with making those products.
- The people that make up our workforce are the reason companies like Nutramax continue to commit to our state, which is why we announced last week our support for a plan that is going to ensure a strong South Carolina workforce, not just for the immediate future, but for generations.
- That’s part of the commitment that we make to companies like this one when they decide to move here. We promise to have their backs every step of the way, and making sure we have a skilled group of people to make their products is just one way we make sure to keep that promise.

- To Mr. Henderson and all of the leadership here at Nutramax, we couldn't be happier that you continue to believe in our state, its loyal workforce and the exceptional community leadership here in Lancaster County.
- This is an important milestone for the company, the Lancaster community, and for the state as a whole, and really is a reason to celebrate.
- Thank you for placing your trust in us, and I personally look forward to continuing this tremendous successful partnership with you.
- Thank you and God bless.

BIOS

Robert W. Henderson
Chairman of the Board

Dr. Robert Henderson, founder of the Nutramax Laboratories Family of Companies, developed and patented the glucosamine chondroitin sulfate combination resulting in Cosamin and Cosequin, which started what is today a global category in joint health support in both human and veterinary science. Prior to founding Nutramax, he was the owner of Henderson's Nutritional Pharmacy and president of Henderson Metabolic Services, Inc. Dr. Henderson is a member of the Maryland Pharmacists Association, and served on the Nutritional Supplement Board of the American Association of Pharmaceutical Scientists. He received his B.S. in pharmacy from the University of Maryland Pharmaceutical Association, his honorific Doctor of Pharmacy from the Maryland Pharmaceutical Association, and his Doctor of Naturopathy from Bernadean University.

Dr. Henderson served on the Deans Advisory Board for both the University of Maryland School of Pharmacy and the University of Arizona College of pharmacy where in 2000 he was given a membership in the Presidents Club. Dr. Henderson is a featured speaker and faculty member at the Mary Frances Picciano Dietary Supplement Research Practicum held yearly and sponsored by the National Institutes of Health. He has also taught drug interactions at Continuing Education Seminars for Pharmacists.

In 2000, Maryland Pharmacist Society presented him with an Innovative Practice Award. He served as Honorary President of the Maryland Pharmacists Association from 2008-2009. The American Opinion Foundation awarded him the Heritage Restoration Award for contributions toward empowering Americans to understand, enjoy and pursue freedom and moral responsibility embodied in America's founding principles. In 2014, Dr. Henderson received the Health Achievement Award for Innovation from Susie's Cause, the national colon and rectal cancer foundation.

Dr. Henderson lives in Lancaster, S.C. with his wife, Janet; Sons: Todd, Troy & Josh; Several dogs and horses.

Todd Henderson
President, CEO

Todd Henderson has served as the President and CEO of Nutramax since 2001, and he

has been with the company since 1994. Henderson previously owned a House Call Practice for animals and has worked as a veterinarian since 1992.

Henderson received his Doctor of Veterinary Medicine from Mississippi State University College of Veterinary Medicine and his B.S. from the University of Maryland College Park.

Todd Henderson and his wife, 5 children and two dogs live in Charlotte, N.C.

Troy Henderson D.C.

Executive Vice President Nutramax Laboratories, Inc.; President & CEO Nutramax Laboratories Consumer Care, Inc.

Dr. Henderson received his pre-chiropractic requirements at Towson University and then attended Logan College of Chiropractic where he earned his Bachelor's Degree in Human Biology and his Doctorate of Chiropractic. Subsequently, Dr. Troy completed an additional 100-hour certification program through the Kale Upper Cervical Specific Network. He was later selected to be a member of the Kale Upper Cervical Research Council, which performed Upper Cervical research all over the world. Dr. Troy has traveled internationally to help teach Chiropractic care, including mission trips to the Republic of Moldova. Following graduation, Dr. Troy opened the Chiropractic Clinic in Parkville, MD where he practiced for thirteen years. Dr. Henderson joined Nutramax Laboratories in late 2007 and has held several positions within the company, including vice president of corporate operations and professional services of Nutramax Laboratories, before election to his current position.

Dr. Henderson lives in Lancaster, S.C. with his wife, 4 children and 3 dogs.

Kristen E. Blanchard

Vice President, External Corporate Affairs

Kristen E. Blanchard is the Vice President of External Corporate Affairs for Nutramax Laboratories. Ms. Blanchard has been working for Nutramax Laboratories since 1997. She currently serves as the executive point person on behalf of the company for all community relations & government affairs at the state and federal level. Blanchard also has extensive knowledge of the regulatory environment for nutritional supplements in both the human and animal health markets. She received her B.A. degree from the State University of New York at Oswego and conducted post graduate work at the University of San Diego. Blanchard has been an active member and involved in several committees in various trade organizations including American Feed Industry Association, Pet Food Institute, Generic Animal Drug Alliance and Council for Responsible Nutrition (CRN). She had served on the Board of Directors and Executive Committee for CRN for several years and is currently the Chair for the Government Relations Committee and on the Board of Directors for CRN. Blanchard is also the Chairperson for the Board of Directors & Executive Committee for Lancaster County Chamber of Commerce. In addition, she serves on the Board of Directors for the Lancaster Fellowship of Christian Athletes and the South Carolina Manufacturers Alliance. Blanchard lives in Lancaster, S.C. with her husband, children, cat and dog.

Pete Patras

Vice President of Corporate Operations

Patras was born and raised in Baltimore City. He received his BS degree from Towson University and Masters from Johns Hopkins University. Patras has worked in the

pharmaceutical or related arena for 34 years and is currently the Vice President of Operations for Nutramax.

Patras lives in Maryland with his wife, and has one son and four grandchildren.

Frank Barnett
Vice President Finance and Treasurer

Barnett previously worked at Zurich U.S. in Baltimore, MD as an Audit Director and at Ernst & Young in Baltimore, MD. He received his B.S. degree accounting from the University of Baltimore. He is a Certified Public Accountant, and is a member of the Maryland Association of Certified Public Accountants and American Institute of Certified Public Accountants.

Barnett lives in Lancaster, S.C with his wife and two children.

David Griffin
Vice President, Product Development

Dr. Griffin is currently responsible for New Product Development for the Veterinary Sciences and Consumer Care divisions. He has extensive knowledge of the requirements of pharmaceutical and nutritional supplements in both the human and animal health markets. Griffin received his D.V.M and M.S. in Veterinary Pharmacology from Purdue University School of Veterinary Medicine. After practicing in emergency medicine, he began a career in development of veterinary pharmaceuticals and nutritional supplements. Griffin has been in the industry for the past twenty years.

Dr. Griffin lives in Lancaster, S.C. with wife and four pets.

Brett Corbly
General Counsel

General Counsel, Brett Corbly, manages the Nutramax Laboratories' legal team and provides direction and legal guidance for all aspects of the company, including the veterinary and consumer businesses. Brett began practicing law in 2003 and is a graduate of Auburn University and the University of Dayton School of Law.

Corbly and his wife, live in Lancaster, S.C.

Kristina Gordon
Human Resources Manager

Kristina Gordon is the Human Resources Manager for Nutramax Laboratories and has been in this role since March 2013. She manages all of the human resources, payroll and administrative functions in the organization and reports directly into Dr. Todd Henderson, CEO. Gordon graduated with a Bachelor Degree in Business Administration from Kent State University in 2003. She has accumulated over 17 years' experience in various Human Resource roles.

In 2015 Gordon and her family relocated to Lancaster, S.C. from Ohio to be closer to the

Nutramax Laboratories.

Mico Adzic
Director of Manufacturing Operations

Mico Adzic has been working for Nutramax Laboratories since 1996. He currently serves as Director of Manufacturing Operations. Adzic has extensive knowledge of the cGMP environment for nutritional supplements in both the human and animal health markets. He is familiar with the guidelines for Dietary Supplements and is responsible for all aspects of Manufacturing Operations at Nutramax Laboratories Inc., Adzic attended University of Sarajevo School of Journalism and Marketing and University of Sarajevo School of Electrical Engineering.

Adzic lives in Lancaster, S.C.

Godwin Omorogieva
QC Director

Omorogieva has worked at Nutramax Laboratories since 2009 as a product development Analytical Chemist and was promoted to manage the Analytical Chemistry group whose primary function is method development. Early 2013, Quality control laboratory management was added to his responsibilities. He currently functions as Quality Control Director and ensures all test methods comply with cGMP regulations and company policies.

Omorogieva received his Bachelor's Degree in Chemistry from Holy Family College in Philadelphia, PA and his Master's Degree in Chemistry from Saint Joseph's University.

Brian Adams
Maintenance Facilities Manager

Brian Adams graduated from York Technical College, with Associate Degree Industrial Maintenance Technology and minor in Industrial Electricity/Electronics. Brian brought with him over 25 years of maintenance experience, with over 15 years in a Human Dietary Supplement Facility. Adams has been with the company since October of 2010. He has helped in starting up both current buildings located on Quality Drive, and has already started with preparing the new facility located on Flatrock Rd.

Aaron J. Popowitch
Senior Quality Assurance Manager

Popowitch has nineteen years of progressive responsibility in pharmaceuticals, medical devices and biotechnology that prove adaptability to new situations. He has proven ability to make important decisions by quickly gathering and assessing relevant data. Popowitch also has experience achieving business goals, developing personnel and managing individual and group performance. His experience was gained in small (ISP Pharma Technologies), medium (Banner Pharmacaps, Inc.), and large (Abbott Labs) organizations. He has spent the last 11 years developing QA leadership experience including commercial, R&D and clinical supply manufacturing oversight. Popowitch has been with Nutramax Labs, Inc. for approximately one year and is located at the Lancaster

February 01, 2016 Continued

Monday

facility.

Popowitch earned a BS in Biology from the University of Illinois at Urbana-Champaign and a Masters of Business Administration from the University of Wisconsin at Madison.

3:00 PM - 3:30 PM

Meeting with Megan Avery (bullying) -- Governor's Office
Constituent Meeting (bullying)

Megan Avery – 9th grader, Brooklyn-Cayce High, Lexington County

- **Date:** Wednesday, February 3, 2016
- **Time:** 3:00 p.m.
- **Location:** Governor's Office, Statehouse
- **Attending:** Megan and her parents, Sonya and Brian
- **Staffing:** Becca

Background: Megan messaged NH through social media on Friday, January 15th; Becca called her that afternoon and spoke for a few minutes; Since then, they have texted/talked a few times.

About Megan: She is a very polite, soft-spoken, and mannerly on the phone; She is very open and not shy about discussing what has happened to her; She is very thankful that the Governor cares about her; She says she doesn't do much on the weekends – she stresses about school and sleeps a lot; She refers to the bullying incidents as "drama".

Megan's Family: Megan's parents are Sonya and Brian. She has one sibling, a brother who is five years older. She is close with her grandparents.

School Activities: Megan used to play in the band, cheer, and play soccer, but she has quit or gotten kicked off all of the teams due to the drama with certain boys and girls. At this time, she is not involved in any organizations or extracurricular activities and is trying to get her grades up that have suffered due to the bullying drama.

October Incident:

- Last October, Megan was at Dunkin Donuts with classmates before a late-start at school;
- Two boys (one in 9th grade and one in 10th grade) threatened to beat her up and ruin her life and also sent threatening messages via social media;
- She has known both boys for a few years and also has been friends with the boys' girlfriends, meeting all of them in middle school after having been homeschooled for elementary school;
- After the episode at Dunkin Donuts; Megan immediately went to the front office and met with the vice-principal to tell what had happened;
- Later that day, Megan told her grandparents, and her grandfather filed a police report on each boy;
- She also met with Principal Greg Morton who told her he would not be able to do anything, because the incident happened off school grounds, but he said he would tell the boys to be careful about what was posted on

February 03, 2016 Continued

Wednesday

social media;

- Megan has also told a trusted teacher about the bullying, has met with the vice-principal, and has met recently started meeting with a therapist/counselor;
- Megan continues to see the two boys every day at school, since they all have classes in the same tech building;
- Megan will be bringing the police files and other files with the school that she will bring to the meeting.

Purpose of the Meeting:

- For NH to share her own story about being bullied;
- For NH to tell her about her anti-bullying tour and visiting schools (Cool Kids Don't Bully);
- To ask Megan about her story and what NH could do to help her.

Note – Amanda Crawford is now a happy, beautiful freshman in college and (I'm sure) would love to be a mentor to Megan – someone to look up to, who has been through it and come out stronger, who is young and cool.

3:30 PM - 3:40 PM

DV Meeting -- Governor's Office

Re: We need a meeting with NH to discuss the DV slogan options. We need her to select an option or provide feedback.

Staff: Becca, Katie, Haley, Swati

Katie needs 5 mins at the end to discuss an appointment.
