Dear Governor Haley,

Please don't be fooled. Any system that criminalizes private firearms transfers, whether between a grandfather and granddaughter, father-in-law and son-in-law, or two law-abiding gun owners who known each other for years is a direct infringement on our Right to Keep and Bear Arms. Further, criminals will never submit to such a system so it will have no effect on crime and the only way to enforce "universal background check" is to create a national registry of gun owners. Therefore I ask that you oppose this gun control scheme in addition to any bill that would reinstate a failed band on semi-automatic rifles or magazines.

Sincerely,  
Larry Gilbert
